

Apprentice Lineworker - Mapping of VESI Technical Training to Qualification

Apprentice Lineworkers are trained to the Certificate III in ESI - Power Systems - Distribution Overhead Qualification. The Qualification is made up of units of Competence which are categorised as either Core or Elective units. Training for this Qualification is delivered by a Registered Training Organisation (RTO).

These units of competence incorporate training which may align with Technical Training required to be undertaken according to the VESI Skills and Training Guideline and Matrix.

The purpose of this mapping guide is to assist the employer to understand where the VESI Technical Training aligns completely or partially to the unit of competence in the Qualification and to provide guidance to the RTO on the evidence required upon successful completion of a competency. Where additional gap training is required this could be delivered during the allocated unit of competency.

The following table aligns VESI Technical Training requirements where applicable to the Lineworker Qualification Units of Competence and specifies the required evidence including Statement of Results, Statement of Attainment and Skills Passport entries to be provided by the RTO to the employer.

The RTO shall record the initial VESI Technical Training in the ESI Skills Passport with the date aligned to the achievement of the applicable competency. The date in the passport shall be used to determine the refresher training / competency period.

VESI Technical Training	Qualification Unit of Competency	When Delivered	Required Evidence for VESI Technical Training		
			Qualification Statement of Results	Statement of Attainment	ESI Skills Passport
Work safely in the construction industry - CPCCOHS1001A		To be delivered in conjunction with the apprentice program, unless already obtained		Statement of Attainment	
CPR		To be delivered with or in conjunction with the apprentice program. May form part of Provide First Aid		Statement of Attainment	Stamp relevant section in Passport
Provide First Aid in an ESI environment – UETDRRF10B		To be delivered with or in conjunction with the apprentice program. May form part of Provide First Aid		Statement of Attainment	Stamp relevant section in Passport
VESI Safety Framework	Apply Occupational Health safety regulations, codes and practices in the workplaces-UEENEEE101A	In Qualification Unit of Competence	Statement of Results for Qualification unit of Competence		Stamp relevant section in Passport

Apprentice Lineworker - Mapping of VESI Technical Training to Qualification

VESI Technical Training	Qualification Unit of Competency	When Delivered	Required Evidence for VESI Technical Training		
			Qualification Statement of Results	Statement of Attainment	ESI Skills Passport
Manual Handling	Apply Occupational Health safety regulations, codes and practices in the workplaces-UEENEEE101A	In Qualification Unit of Competence	Statement of Results for Qualification unit of Competence		Stamp relevant section in Passport
VESI Environmental Framework	Apply sustainable energy & environmental procedures – UETTDREL11A	In Qualification Unit of Competence	Statement of Results for Qualification unit of Competence		Stamp relevant section in Passport
Apply ESI Safety Rules – UETDRRF01B	Working safely near live electrical apparatus - UETTDREL16A	In Qualification Unit of Competence		Statement of Attainment	Stamp relevant section in Passport
Safe Approach Distances	Working safely near live electrical apparatus - UETTDREL16A	In Qualification Unit of Competence	Statement of Results for Qualification unit of Competence		Stamp relevant section in Passport
EWP Controlled Descent Escape – UETDRRF08B		Delivered in conjunction with initial training of apprenticeship		Statement of Attainment	Stamp relevant section in Passport
EWP Rescue – UETDRRF03B		Delivered in conjunction with initial training of apprenticeship		Statement of Attainment	Stamp relevant section in Passport
Pole Top Rescue – UETDRRF02B	Working safely near live electrical apparatus - UETTDREL16A	In Qualification Unit of Competence		Statement of Attainment	Stamp relevant section in Passport
Safe to Climb	Delivered with Inspect overhead poles-structures and electrical apparatus - UETTDROP11A	In Qualification Unit of Competence	Statement of Results for Qualification unit of Competence		Stamp relevant section in Passport
Live Low Voltage work – Overhead	Maintain overhead energised low voltage conductors and cables – UETTDROP12A	In Qualification Unit of Competence	Statement of Results for Qualification unit of Competence		Stamp relevant section in Passport

Apprentice Lineworker - Mapping of VESI Technical Training to Qualification

VESI Technical Training	Qualification Unit of Competency	When Delivered	Required Evidence for VESI Technical Training		
			Qualification Statement of Results	Statement of Attainment	ESI Skills Passport
Safe to Approach SWER	Install and maintain poles, structures, overhead conductors and cables – UETTDRIS54A	Delivered in conjunction with initial training of apprenticeship	Statement of Results for Qualification unit of Competence		Stamp relevant section in Passport
Apply access procedures to work on or near electrical infrastructure (Receive Access Permit) - UETTDRRF09B	Install and maintain poles, structures, overhead conductors and cables – UETTDRIS54A	In Qualification Unit of Competence	Statement of Results for Qualification unit of Competence	Statement of Attainment	Stamp relevant section in Passport
Test of connections to low voltage electricity networks (Servicing procedures) - UETTDRRF11A	Install and maintain LV U/G services – UETTDRIS55A Install and replace power system energy meters and associated equipment - UETTDRIS60A	In Qualification Unit of Competence	Statement of Results for Qualification unit of Competence	Statement of Attainment Issued on completion of UETTDRIS55A & 60A	Stamp relevant section in Passport. Issued on completion of UETTDRIS55A & 60A
Making LV Dead	Perform LV field switching operation to a given schedule – UETTDRIS43A	In Qualification Unit of Competence	Statement of Results for Qualification unit of Competence		Stamp relevant section in Passport
Control traffic with stop-slow bat - RIIWHS205D		To be delivered in conjunction with the apprentice program, unless already obtained		Statement of Attainment	Stamp relevant section in Passport
Implement traffic management plan - RIIWHS302D		To be delivered in conjunction with the apprentice program, unless already obtained		Statement of Attainment	Stamp relevant section in Passport

Apprentice Lineworker - Mapping of VESI Technical Training to Qualification

Definitions

Qualification Statement of Results	Issued by the RTO to demonstrate successfully completion of competencies within the apprenticeship.
Statement of Attainment	Issued by the RTO confirming successful completion of National competencies.
ESI Skills Passport	An individual's record of training where the passport entries are recorded by the RTO confirming successful completion of VESI Technical training.
VESI Technical Training	Training which meets the requirements in the VESI Skills and Training Guideline and Matrix. Initial training can be Units of competence as stated in the matrix.
